Action Sling™

PRESS RELEASE
FOR IMMEDIATE RELEASE

Action Sling™ makes your rifle or shotgun feel 50% lighter and 100% more comfortable!

OP/TECH USA incorporates a patented comfort-stretch system into the ideal sling; the **Action Sling™**. The neoprene material effectively conforms to the contours of your shoulder while evenly distributing the weight. The internal control-stretch system absorbs the shock of your movements normally felt in your shoulder and back. A non skid surface effectively grips to your shoulder and also provides extra security when wrapped around the arm to better stabilize the firearm when shooting. The sling offers a large adjustability range so that it can be customized just for you. **Action Sling™** is a “must have” for the avid sportsman spending long hours in the field. It can make all the difference!

Action Sling™ is 100% made in the U.S.A. and carries a lifetime warranty. It is available in black and nature. The suggested retail price is \$18.95.

OP/TECH USA continues to innovate quality products to meet the ever-changing needs of the avid photographer and outdoor enthusiast. We feel you deserve the very best! For more information about our products, please call 800-251-7815, e-mail info@optechusa.com or visit us online at www.optechusa.com.
