PRESS RELEASE  
FOR IMMEDIATE RELEASE

The Soft Pouch™ – Bino Wrap comes in two sizes to fit a wide variety of roof-style binoculars

***SOFT POUCH™ – BINO WRAP – An easy-access solution for the outdoor enthusiast!***

The **SOFT POUCH™ – BINO WRAP™** from OP/TECH USA offers great protection for binoculars while in use or in storage. It is extremely handy for use in the field as there is no need to fumble with a separate case– simply unsnap the closure and refasten it above the binoculars. A heavy-duty elastic band secures the neoprene **SOFT POUCH™ – BINO WRAP™** to the binoculars. Its slim design allows it to be worn with a neck strap and can even be worn underneath a coat! The **SOFT POUCH™ – BINO WRAP™** uses a combination of three separate snap configurations and the stretch of the neoprene to conform to the binoculars. It comes in two sizes to fit many different roof-style binoculars and is available in black or “nature”. Enthusiasts can spend more time looking through the binoculars than fussing with the case. **SOFT POUCH™ – BINO WRAP™** is only from OP/TECH USA!

The **SOFT POUCH™ – BINO WRAP™** is proudly made in the USA!
