PRESS RELEASE  
FOR IMMEDIATE RELEASE

**DOUBLE SLING™** is the convenient way to carry two camera bodies at the same time.

Can be configured for single camera in left, center, or right position.

### **Introducing a New Smaller Size!**

**DOUBLE SLING™** – Carrying 2 cameras no longer needs to be a burden. Great design...amazing comfort!

The **DOUBLE SLING™** from OP/TECH USA offers unparalleled comfort and convenience while carrying 1 or 2 cameras. Its U-shaped neoprene pad (yoke) effectively distributes and balances the weight of two cameras while absorbing the shock of the photographer's movements. The cameras glide up and down the strap with ease and speed so photographers not only stay comfortable, they'll never miss a shot due to a tangled strap. There are two sizes available: regular and small to fit photographers of all sizes. The new version uses a smaller yoke design while still offering all the adjustment capability and attachment options of the regular size.

Using OP/TECH USA's exclusive UNI-LOOP™ CONNECTORS to attach the cameras, the tripod socket remains available. The strap also has added flexibility in that it can be adjusted to carry only one camera if desired. By simply adjusting one of the slings snugly under the arm, the U-shaped pad remains stable on the shoulders. You can wear a single camera on either side or in the middle if desired. The versatility of this strap is ideal for the active photographer shooting in various situations.

The SLING ADAPTOR SYSTEM CONNECTOR™ used on the **DOUBLE SLING™** can be removed from the U-shaped pad and added to any other OP/TECH USA standard strap pad to create an over-the-shoulder sling strap. This interchangeable design gives the photographer flexibility to customize their gear to fit their ever-changing needs. Comfort, security and flexibility sum up the features of the **DOUBLE SLING™**. Give it a try!

OP/TECH USA continues to innovate quality products to meet the ever-changing needs of the avid photographer and outdoor enthusiast. We feel you deserve the very best!
