

NEW! TRIPOD SLEEVES™

- Protect the delicate mechanisms of your expensive gear from water corrosion, sand, debris and more
- Reinforced bottom panel for added durability
- Drawstring closure for a snug fit
- Fits tripod legs up to 2¾" (7 cm) in diameter
- Covers up to 46" (116,8 cm) of length
- Set of three Tripod Sleeves™
- Great for monopods!

NEW! SYSTEM CONNECTORS™ – MAGNETIC QD

- Adds easily to most OP/TECH USA Straps or Harnesses
- Great for keeping items like lens caps, small flash units, or other accessories handy
- Comes with three self-adhesive magnets to attach to your gear.

NEW! SUPER CLASSIC SLING™

- Rapid-gliding motion brings your gear quickly into position
- Neoprene pad with unique internal control-stretch system evenly distributes weight and absorbs shock
- Comfortable for both men and women
- Quick-Adjust feature changes length in seconds
- The tripod connection remains free for use

Quick-Adjust Feature

NEW! DUAL HARNESS™ – UNI-LOOP

- Comfortably carry two cameras or binoculars
- Neoprene pad evenly disperses weight
- Designed for both men and women
- Removable sternum strap adds extra support and stability
- Attaches to both camera strap connection points for added security
- For carrying long lenses, a Uni-Loop connector can be attached to a quick release plate (sold separately)

NEW! SYSTEM CONNECTORS™ – STERNUM/UNDER ARM ADAPTOR

- Quick-attach triglides fasten easily to several OP/TECH USA slings and harnesses
- The Sternum configuration secures harnesses to eliminate the possibility of slippage
- The Under Arm configuration adds stability to a shoulder sling
- Additional quick disconnects offer easy access in and out of your strap or sling
- Comfortable for men & women

Sternum Adaptor

Under Arm Adaptor

NEW! SUPER CLASSIC COMBO™

- Kit containing everything you need: shoulder sling, neck strap and wrist strap
- Super Classic™ neoprene neck/shoulder pad features non-skid surface backing and internal control-stretch system
- Sling can be comfortably worn by both men and women on either the left or right shoulder
